

# Newsies

## Spotlight Productions

Wildwood, Missouri

**Contract Date:** June 3, 2019, through July 22, 2019

**Show Date:** July 11th, 12th, 13th, 14th, 19th, 20th, 21st

**Position:** Lighting & Sound Designer

### Brief Description:

Newsies was a very fun show to design for. I had the opportunity to use new equipment I had never used before and I was challenged by the layout of the venue to find proper lighting angles. In addition, the theater was on the older side and didn't have the set up for more than 1 DMX universe, nor did it have very many dimmers. I really enjoy finding new solutions to problems, and my problem-solving skills definitely came into play here.

## **Equipment Used:**

- 32 ETC Source Four 26 Degree
- 20 Chauvet Core Par 80 USB
- 16 Chauvet Zoom 2 Tours
